

SRFT

MEDA Top-mounted Reacting & Fermenting Together

- Features

The SRFT has a high capacity stirred cell fermenter for aeration and the SRFT can fermenting continuously the same media as SRFT-20.

SRFT-20 SRFT-200 SRFT-5000

Having stainless steel fermenter vessel and stainless steel stirrer system performance, SRFT is suitable to operate with liquid media and to be designed with a stainless steel fermenter, SRFT-200.

SRFT-200 Fermenting Culture Reacting Bioreactor
